

Welding Engineering Technology

Student Paper Award

Wednesday, March 21 2018

SUMMARY:

First and second year Welding Engineering Technology students were tasked with preparing research papers focusing on a topic of their choosing related to their field of study (materials, welding, inspection, etc.). On March 21st the final qualifying groups will present their findings to a panel of judges. CWA Calgary, with the help of the CWA Foundation, will award \$1000 to the best presentation/paper and \$500 to the second place recipients. Students attending the event are encouraged to bring their resumes and industry members are encouraged to bring their recruiting/hiring personnel as this is a great chance to see the caliber of students from the WET Program.

EVENT DETAILS:

WHERE: SAIT Polytechnic - Aldred Center
Room CA -415

WHEN: March 21 , 6:00pm ±9:00 pm
