April 17, 2018

Dear Members & Friends,

The 21st annual Canadian Welding Bureau Association, Winnipeg Chapter golf tournament is being held on Saturday June 9th, 2018 at the Kingswood Gdf & Country Club.

Invitations are going out! Everyone is invited. We want the next generation to see what Winnipeg has to offer with regards to trades, specifically welding. Our goal is to bring everyone together in one space and see that there is support and possibly that their future careers or the careers of their children are waiting.

With the continued support from our sponsors, donors, and from the people who come to the events, we feel there is no glass to our ceiling. This particular event may bring new business, new contacts, perhaps the support or advertising that you are looking for.

To assist us make this event a success we are relying on the generous support from companies like yours. Gains made are solely based on events put on throughout the year to support the associations programs. All contributions are graciously accepted and will be advertised at the event. We appreciate any tournament prizes or sponsorship. Should you be interested in helping this year please contact Jason Pruden at Jason_Pruden@newflyer.com or Shannon Scott at shannon.scott@winpak.com

If you are interested in attending our tournament, please feel free to contact us and we will forward all information on the event. Thank you.

Best regards,

Jason Pruden
