

CAWFIELD 2019

CANWELD 2019 TENTH ANNIVERSARY: BRINGING THE WELDING, FABRICATING AND FINISHING INDUSTRY TOGETHER IN HALIFAX

For ten years, the CanWeld Conference has anticipated and served the needs of members and clients, developing and delivering high-quality programs and services that support client success.

Entering its tenth year in October, our world-class conference is back with more industry speakers and even more networking opportunities. A countrywide event that moves between the Eastern and Western provinces to serve a national audience, this year's conference will focus on:

Attracting industry professionals from coast to coast, the CWB Group remains committed to providing the best in class service to all its stakeholders.

This year, we're excited to announce that our theme will be Current Waves. As a conference centred around different welding processes and the host city's proximity to the ocean,

Current Waves

ABOUT THE CONFERENCE

Every year, CanWeld brings together people from an extensive range of industry contributors such as educators, decision makers, influencers, suppliers and consultants. We reach out to these experts to ask for help and suggestions to make every conference better than the last. It serves as an excellent opportunity to discuss issues around current trends and advances in the welding and joining industry, health and safety and much more.

Attendees come from a variety of industries including:

Created for, and by the Canadian welding and fabricating

Current Waves
